RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[*on the report of the Second Committee (A/52/630)*]

52/204. Cooperation between the United Nations and the Southern African Development Community

The General Assembly,

Reaffirming its resolution 37/248 of 21 December 1982, and all other relevant General Assembly resolutions on the promotion of cooperation between the United Nations and the Southern African Development Community,

Welcoming the strengthening of the Community through the admission of the Democratic Republic of the Congo and Seychelles as member States,

Welcoming also the creation of the Organ on Politics, Defence and Security, as part of the Community, and its role in conflict prevention and the maintenance of peace, which are essential for development within the region,

Recognizing the strengthening of democratic governance and other positive developments, including the consolidation of the peace process and the enhancement of democracy and the respect for the rule of law in the region,

Commending States members of the Community for demonstrating continued commitment to deeper and more formal arrangements for cooperation among themselves,

Reaffirming that the successful implementation of the development programmes of the Community can be achieved only if the Community has adequate resources at its disposal,

Noting that the effects of war, loss of life and destruction of economic and social infrastructures in southern Africa demand the continuation and strengthening of rehabilitation programmes to regenerate the economies of the countries of the region,

Noting with grave concern the recurrence of drought in the areas, the re-emergence of the El Niño phenomenon, with its probable effect of drought, and the risk of increased poverty, in particular in rural areas,

Welcoming with satisfaction the regional Food Security Strategy which regards poverty eradication as a prime concern, and in particular addresses the issues of improving access to food and nutrition,

Recognizing the valuable and effective economic and financial contribution that some organs, organizations and bodies of the United Nations system have made to complement national and subregional efforts to advance the process of democratization, rehabilitation and development in southern Africa,

Noting that the situation in Angola has recently become a source of great concern and that, despite earlier successes in the implementation of certain aspects of the Angolan peace process, that situation is still deteriorating,

Expressing its grave concern at the serious difficulties in the peace process in Angola, caused primarily by the slowness of the União Nacional para a Independência Total de Angola in implementing the Lusaka Protocol,[1] which are hampering efforts towards economic rehabilitation and national reconstruction as well as regional development projects,

Recognizing the risks, new challenges and opportunities posed by the process of globalization and liberalization on the economies of the region,

Noting the measures being taken by the Community in addressing the human immunodeficiency virus/acquired immunodeficiency syndrome (HIV/AIDS) pandemic,

Welcoming the recognition at the regional level of the important role that women play in the development of the region, and taking note of the Declaration on Gender and Development adopted by the Community at its seventeenth Summit Meeting of Heads of State or Government at Blantyre, Malawi, on 8 September 1997,

1. *Takes note* of the report of the Secretary-General;[2]

2. *Commends* the States Members of the United Nations and organs, organizations and bodies of the United Nations system that have maintained, enhanced and initiated development cooperation with the Southern African Development Community;

14. *Appeals* to the United Nations and the international community to assist in the strengthening of the region's capacity for sustainable water resource management and to respond generously with respect to the drought situation in southern Africa, so that famine may be averted in the region, by supporting the region in its drought preparedness and management strategies, especially through the strengthening of its capacity in drought mitigation, drought-monitoring, early warning and preparedness;
